Summer Camp: Funny Funnies

Who doesn't love a good laugh? Do you enjoy making other people smile? Take your favorite joke or one of Marcia Holliway's and create your very own "Sunday Funny." During this four-day camp, you will learn the process of creating a ready for print comic strip. From your idea, to perfecting the characters, to creating texture in your drawings, to practicing your printing, you will work through each stage to create your one of a kind comic strip. In the end, we will submit your comic strip to the local paper; maybe it will even get published! This camp is for all ages.

Supplies are included.

Aug. 6-9
